AMERICAN SCENE IN A DIFFERENT LIGHT

After seeing many English bands screw themselves up by "selling themselves out" i.e. charging extortionately high door prices, constantly "ripping off" their fans who are obviously too dim to see this, changing their views and slagging off other bands etc., and also having the misfortune to witness good bands sink without trace. After hearing quite a few English bands say that America is crap. Usually, it would seem, without them considering the country properly. Yeah, sure there is a lot of rich, pampered, arrogant bastards who would steal from their mothers graves, but they seem to be a lot of American bands who do not come from a background which is portrayed all so clearly in "typical" American programs, and they are classified under this hatred label which is bad. They are in a situation, the same as ours, they write songs about things that happens around them like English bands and they don't seem to be at each others throats like English bands tend to be. The music by a majority of American bands is called "HARDCORE", it is usually very fast and the vocals vary from death screams to melodic. It is usually drum/guitar based so it thrashes along with drums numbling and guitars being played ultrafast like the band are trying to burn up in the speed. Of course there are bands i.e. T.S.O.L. (True Sounds Of Liberty) who can do experimental stuff but still keep their power. There are many other bands who are melodically based but can still express their views well. The only problem seems to be the cost of the material as it has to be imported but if it is through mail order it might be cheaper or if you go to a large Alternative Music Shop i.e. Rough Trade or go to a Market Stall or something it could be pretty cheap. Another thing about the American bands is they dress how they want to, not conforming to any set leather/ bondage/ safety pins cloning so they can be as INDIVIDUALISTIC as is possible so many people do not like them because of this. Clubs open and close pretty frequently, they close normally due to violence i.e. riots. Violence at gigs has becoming an unfortunate rudemark for many American bands who have blacklists drawn up against them. The cause of the violence is usually stupid clones who have bottled up inside themselves and take it out on other people, they don't know why they do it but they keep doing it. Police in America are more military then the cops in England and they are also a cause of rioting when they try to close the shops and harass the kids and out of it the band and the "real fans" (the ones with their own minds) are mucked up.

Anti-Cimex - Victims of a bomb raid (Malign Massacre)

Anti-Cimex are from Sweden, I am reliably informed by the sleeve of the single. The cover is in grey/black and white the front is a sort of mixture of the A-bomb going off mixed with a skull (Big Brother watching you) quite eerie picture if you really study it. A picture of an odd looking person (sort of halfway through a change in Evil Dead). Inside are lyrics and the band members. Fortunately, they sound rather too much like Discharge (early) are slightly faster. Quite Good on the whole. Tracks are: desperate hours / game of the arseholes / victims of a bomb raid / set me free //

Threat - What's so Great Britain (Out of Town Records)

I thought I'd review this one even though it's rather old and a bit of a collectors item, 'cos only 1000 were made due to lack of money. The single contains 5 tracks all of which were really good. The singer Pauline is really good, she fooled quite a few people, with her voice. An explosion starts off "Nuclear Threat" with lyrics like Tridant in the air / Stop it if you dare / Thatcher you're so proud / big mushroom cloud // Great guitar all the way through by Les who left and Fos (bassist) took over his position. "Don't Conform" starts side 2 and is excellent, with good drumming. "Animal Abuse" is next is also good. All the songs are pretty fast but are really powerful. "Cheap Labour" ends off the EP. If you can get it, you won't be disappointed.

BRIGADE VIOLENCE + REDNECKS

TADICK

After being involved in a number of unprovoked attacks by certain redneck troublemaking bastards, I decided to do this small article. The violence by, in this case, casuals, and sometimes by incredibly stupid slaphead skins, is normally to act up to their enforced; 'natural', 'macho' image in front of their mates or girlfriends in order for them to gain respect. Children are 'grown up' to act pre-ordained roles in life i.e. boys are supposed to "sleep around" and are allowed to smoke and drink and act as Jack Shit, whereas girls are supposed to stay in and keep themselves for when the time is right and are supposed to be submissive and get treated like shit by their "macho" guys. When these roles aren't acted out as planned by everyone something is assumed to be wrong. Also it seems that DIFFERENCES seem to play a large role in violence i.e. colour, fashion and material objects (motorbikes etc). If you don't fit into the cloned world of the media sheep, you're proclaimed an outcast. Isn't it better to have your own mind and to think for yourself instead of being one easily controlled mass of easily controlled shit. Rednecks is a term used in America for people who start fights for no reason. Violence crops up at many places including gigs. It's sad that some stupid morons (you know who you are) ruin people's enjoyment of a gig by having a ruck at sometime or other. It's just what government want. So to all of the mindless bastards, to put it in the words of Bello Biafra at the Kennedy's Leicester gig "All of you who've come to start fights, get the fuck out of here". 'Cos I don't want your shit and no other person who can think will either. The police harassment/brutality is also a main cause for violence due to their short thinking ways and incessant law & order being rammed down our throats.

1/Art-SOMETHING TO BELIEVE IN (Better Youth Organization Records)

After hearing about the proposed release of a second BYO compilation, and finding out it had actually come out and was in a local record shop, thanks to local grapevine gossip, I decided to try and get my grubby talons around a copy. Once at home, the TURN IT UP! instructions on the labels of the record were obeyed, and it was 'be picky' time again. Side One, The side any abnormal dischord freak starts with, unless the labels are white which makes it rather hard. Anyway enough gibberish, Nils starts off Side Eins with a rather good tune called "Scratches & Needles" which is not much like any thing I've heard before. Rigor Mortis (measure my stiffy-hoh) are next up with "Silent Scream" which is pretty good as well with a gruff pounding guitar steering the tune along. Right Folks, next is a funky track by The Big Boys from Austin, Texas. I didn't particularly like it, but the next track made up for it, A bass opened "Tanks Keep Rolling" by The Unwanted who hail from Winnipeg and they proceeded to turn in a good song. I wasn't really sure about The Tourists so in the end it was only OK. Kraut next, were really good, As were Youth Brigade (the beginning was excellent, great drumming), "Care" and "Domination" by Toronto band Youth Youth Youth. Without time to pause, we slam on into Side Deux (Two) SnFu - "Womanizer" different personality Crisis "Piss on You" slow, rather boring, and the vocalist sounds pretty funny as well. Channel 3, well after picking up their "After the lights go out" LP for a quid I thought I must hear more of them, and their track on here "Indian Summer" is excellent all round. Thrash, I lie on the floor, as The Young Lions roar out "In A Field" but I've heard better, not bad though. Perfection are next with "Real Politik" which was brill. Vancouver's D.O.A. did "Tits on the Beach" which could be said to be one of the best tracks. Another, which was very good, was the song "Out Of Touch" by 7 Seconds (can't wait for their LP "The Crew") lastly was more thrash, by another band from Winnipeg, The Stretch Marks who contributed "Foreign Policies" which wasn't bad to finish the album. 16 reasonably varied tracks by a fair slice of bands. Definitely get it.

Slime-live 21/1/1984 (Aggressive Rock Productions)

Unfortunately, Slime are no more, but they have left a reminder of their live prowess in this live package. They had done 3 studio albums prior to this plus a single. Having all the previous albums which were all bloody brilliant, I got this and was not let down. As it was live, the material was mainly from the prior LP's but also some new material was 'aired' which was previously unreleased. The unreleased material includes an uncensored new version of Deutschland! It starts off with someone (presumably one of the band) saying hit alot. "A.C.A.B." starts off the proceedings and they hammer through a number of really great numbers, the vocals actually being sung in German of course (what do you expect from a German band) except for a cover of "Oh Boy" which is torn through at high velocity. "Yankee Raus" starts off Side 2 and during the course of side 2 we are treated to all of the new songs. 6 out of 7 are new. "Iran" is bloody good and so are the others "4. Reich" "Der Kampf geht weiter", "Deutschland" plus a very fast version of the song that Mr Peel played to get me hooked on Slime, "Störtebecker". But the best song follows it, my fave, "Untergang" which displays some great guitar work. Brilliant.

Youth Brigade/7 Seconds flexi + Black & White fanzine issue, 4

Upon receiving a long package which I instantly ripped open finding not a better bomb but Black & White fanzine. The English 'zine that covers the American scene, in this issue has The Dicks, J.F.A., Screaming Dead. It is rather short but the interviews are good and the flexi is as well. The flexi comes

Sink with California" which is also on their LP "The Sound & Fury" but I'm
not sure if it's the same cut. Great to sing along to 'cos the lyrics are put
on the sleeve for your enjoyment. Unfortunately the words to "Colourblind" by
7 Seconds aren't printed but anyway it's an excellent track. Well worth getting.

THE DISTORTED Who were currently due to join "DISORDER" and
"EAT SHIT" (u.s.a-nabraska) on tour in England have DISBANDED!!

This happened due to the unsteady arrangement of a bassist after Steve left
because he felt that his views and musical tastes differed from that of the
rest of the band. The DISTORTED having required a new bassist were currently
preparing a set for the tour and due to go into a recording studio to record
two tracks for a Peaceville compilation tape, when Pete (guitar) suddenly annou-
-nced that he wished no longer to play guitar in any band. So not having hear-
-d from the bassist they decided to DISBAND. Apparently Pete had been feeling
really low after spending weeks sleeping rough with no money, and he said he
did not wish to hold back the singer and drummer from doing the type of lyri-
-cs which followed their views....

However the drummer and vocalist have decided to continue fresh with a new
name and with songs that express their views.

HOW DID THE SPLIT COME ABOUT?

GRAHAM: "WELL THE SITUATION WAS THIS, GALAHAD PREVIOUSLY LEFT, SO I TOOK OVER ON VOCALS WHILE STILL PLAYING BASS. IT SEEMED THINGS WERE JUST REALLY STARTING TO WORK OUT AT LAST AND SONGS AND LYRICS WERE REALLY COMING TOGETHER. THEN ALL OF A SUDDEN WE GOT TOLD WE COULDN'T USE THE PRACTICE ROOM AND EQUIPMENT WITHOUT SUPERVISION, ALTHOUGH WE'D BEEN REHEARSING LIKE THIS FOR NEARLY 9 MONTHS OR SO. THERE HAD BEEN NO COMPLAINTS, IT WAS JUST ONE PERSON WHO DIDN'T LIKE SIZE OF LURCHES FEET(??!!)".

WHAT WERE YOUR AIMS MUSICALLY?

GRAHAM: "BASICALLY TO CREATE A NEW SOUND USING THE BASIC INSTRUMENTS. IT'S SO DIFFICULT TO DO THAT NOW ADAYS AS SO MANY IDEAS HAVE BEEN CARRIED OUT, BUT BANDS SUCH AS BIG COUNTRY, BAUHAUS, STRANGLERS, ADX, FLOWERS IN THE DUSTBIN HAVE SHOWN IT IS POSSIBLE TO CREATE YOUR OWN MUSIC AND STYLE WITHOUT FOLLOWING OTHERS."

DO YOU TAKE YOUR "BELIEFS" BEYOND THE BAND?

GRAHAM: "I THINK WE HAVE DONE, AS A BAND OR INDIVIDUALLY. WE PUT OUT AROUND 300 HANDOUTS WHICH LEFT US OUT OF POCKET, ALSO BY NOT CONFORMING FASHION WISE. NONE OF US WENT AROUND WITH SIX FOOT SPIKES, INFACOT NOT EVEN TWO INCH ONES, OR WALKED AROUND WITH STUDDER LEATHER JACKETS BOUNCING UP AND DOWN ON MODS. STEW ALSO PUT OUT THE LEGENDARY "FIGHT TO LIVE NOT LIVE TO FIGHT" STICKER. I EXPRESS MY BELIEFS AND FEELINGS THROUGH MY FANZINE AND GALAHAD IS STILL WORKING ON HIS".

WHAT DO YOU THINK OF THE CURRENT MUSIC SCENE, AND WHAT BANDS DO YOU LISTEN TO?

GRAHAM: "THE MUSIC SCENES ABIT STALE AT THE MOMENT BUT THERE'S STILL ALOT OF GOOD BANDS AND RECORDS KNOCKING ABOUT. IMAINLY LIKE THE ALARM, BIG COUNTRY, SIOUXIE AND THE BANSHEES, S.L.F. (R.I.P.), F.I.T.D, BRIGANDAGE, OMEGA TRIBE. GALAHAD LISTENS TO THE CURE, BILLY BRAGG, S.D.C SPEAR OF DESTINY. LURCH LIKES THE SMITHS, CRAMPS AND LORDS OF THE NEW CHURCH AND GAYLORD LISTENS TO HENDRIX, DAMNED, LORDS OF THE NEW CHURCH WHO AND THE CLASH.

HAD ANY OF THE MEMBERS BEEN IN ANY PREVIOUS BANDS?

GRAHAM: "I WAS IN THE CLASH GAYLORD TAUGHT CAPTAIN SENSIBLE EVERYTHING HE KNOWS, LURCH WAS IN THE VISION GOLFERS.....SERIOUSLY, ONLY GAYLORD, HE PLAYED BASS WITH THE SKURGE (R.I.P.) WHO WERE PROBABLY THE BEST PUNK ROCK BAND IN SCOTLAND, AND HE ALSO STOOD IN FOR FEAR MK3 FOR ONE GIG *sorta* ASWELL".

UNIFORMS ••• UNIFORMS

Uniforms have become a major part in our life, from being "FORCED" into wearing a school uniform to "VOLUNTARILY" wearing a uniform to conform with the music/fashion you follow.

-Do you remember those days at school when you used to rebel against school uniform, by wearing different shades of trousers, skirt...etc. There at school we were conditioned into accepting uniform.

"It is so that we can recognise you!" The teacher so often used to say. Of course you used to deplore that recognition....yet...You would rush home, tear off your school uniform and...wear another. You would put on another uniform, whether punk; skin; rock'a'billy or casual, you wore the uniform of your music. Catch 22 "It is so that we can recognise you". You have become an identity, without which you could not be recognised and categorised. If you could destroy your identity who would you be? -you- -yourself, nobody else! Not a mass/flock/sheep.

Identities/uniforms have become (and are) a way of destroying each other --- the media create hate campaigns - mod kill skin kill punk kill mod kill rocker kill casual kill kill kill.

We have become disorganised/manipulated - why have we become enemies?

-Your life long friend no longer wears the same uniform as you do - he no longer can remain a friend, you must destroy him! - why? - United you become a threat - a threat to the state - Two cults together can destroy the state. ...friends....can destroy a state, SO the state puts up barriers - cult barriers, barriers to destroy intelligent unity....

While the cults/uniforms fight, the government/state sits back leeching the profits of those who become hardcore - watching/waiting. The state sees a leader figure in a cult - that person is malleable...those who are not are destroyed...imprisoned - a danger to society - a threat to the system...The leader-figure is then manipulated/controlled - you follow your leader - the state - the uniform - the state.....

TIME FOR CHANGE

Well having actually written a 'nice' letter to the INFECTED, and so hoping for a worthy letter back from them I was some-what suprised/ if not upset, to recieve a letter explaining about the disbandment of the group. However I was very pleased to receive some info. on the new band that has come from the 'musicians' of INFECTED, hopefully they will enjoy a long and active life together as did INFECTED so here is the info as written by Maggy, so keep a good look out for TIME FOR CHANGE.....

THE INFECTED as you may now know it, has undergone a major change. The instrument players:--BOB:MAGGY:NOMIS&MOJO::, decided that the time had come to progress, both in music & ideas. Unfortunately, KEV, the vocalist was not suited to the change so they split on friendly terms. KEV being the original member of the band kept the name "The Infected" and lyrics except for 'war'. KEV is now starting a new band. So BOB, MAGGY etc. were left to find a new name and singer (they still are looking for a singer).

When they are gigging again, which will be soon (they are negotiating gigs in Brixton and possibly Belfast!) they will be playing a brand new set with more powerful songs, varying from slow to fast, hoping to cater for different tastes. But they will still be playing their old set as well!! (such as on the 1st & 2nd demos). Old INFECTED material is still available on "peaceville tapes"

THANKYOU... BOB/MAGGY/NOMIS/MOJO.

And I stood on top of the mountain
With not one other person by me
I was looking at this planet
Consumed by our kind's madness and greed.
What pitiful Animals we have become.

The wind was my companion in the
emptiness. The cruel perception of our
Attitude to nature is that we have
searched so deep into its ways,
Not in a compassionate way, but selfish
we have constantly eluded the fact
that Nature is not to be a waste land
due to our insensitivity.
We search deep into its gullies and oceans,
into its stone

that we may exploit its resources
And in turn exploit other species
Including our own kind

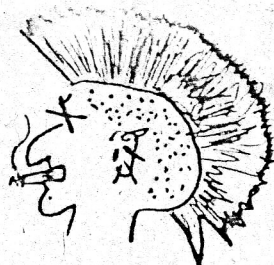

And I stood on the barren peak

And I found my true sensitivity and

Self awareness

WHAT PEAK WOULD YOU
LIKE TO CLIMB?

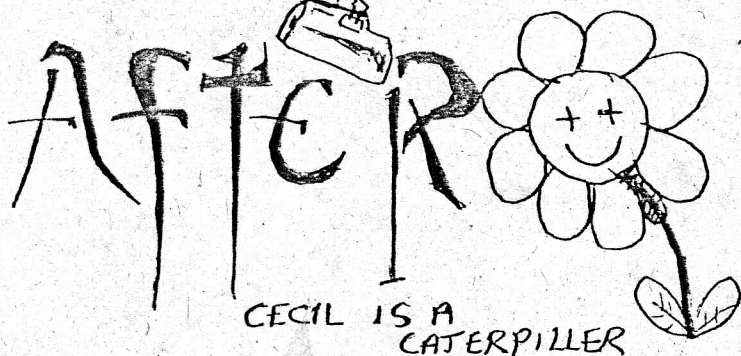

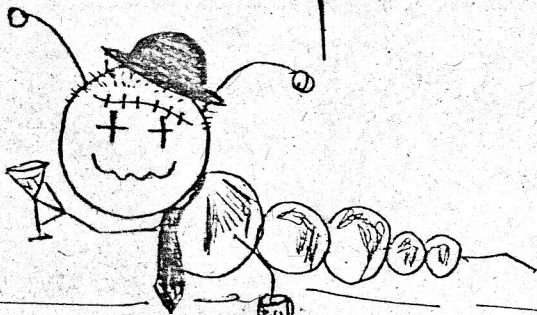

Hypocritical Fashion

CRASS, THE EXPLOITED, WHITE POWER, DISORDER, UK SUBS, UNION JACK, DISRUPTERS, £40 BONDAGE SUIT AND 'PUNKS NOT DEAD'... WELL THESE ALL GO TOGETHER WITH AN ANARCHY SYMBOL ALL ON A CLEAN LEATHER JACKET... ACCORDING TO A TYPICAL(?) PUNK ROCKER... ... IS THIS THE FACE OF A HYPOCRITICAL FASHION, AS WORN BY A SPIKEY HAired HERO WHO DRINKS BOTTLES OF CIDER ON A FRIDAY NIGHT. WELL IT DOES SEEM TO BE A TOTALLY CONFUSED MIND WHICH NEVER READS WHAT HIS "FAVE" BANDS HAVE TO SAY - OR IF HE DOES COULD NOT POSSIBLY UNDERSTAND WHAT THEY HAD (OR DIDN'T) HAVE TO SAY - HOWEVER THIS CHAP IS SEEN AT A PARTY, WELL DRESSED AS USUAL, DRINKING HIS FAVOURATE CIDER AND GETTING GENERALLY PISSED. - BUT DOES HE TALK TO ANYONE? - NO, OF COURSE NOT. ACCORDING TO PUNK TRADITION (PAGE 320 PARA. 4) YOU MUST BE TOTALLY ANTI SOCIAL AND GOB DRINK EVERYWHERE -

WELL HE MIGHT THINK HE LOOKS MEAN, HARDCORE - BUT HE'S JUST A BLIND FOOL - OR MORE COMMONLY KNOWN AS "THE BUSINESS MANS' BEST FRIEND!"... WELL I MUST SAY HE LIVENED UP THE PARTY FOR ME... I JUST COULDN'T STOP LAUGHING, ALTHOUGH I SHOULD FEEL SORRY FOR HIM, I CAN'T AND WILL NOT - IF THIS IS PUNK - THEN PUNK IS DEFINIATLY DEAD....

FUR IS MURDER!

The inhuman carnage
must stop!

And now!

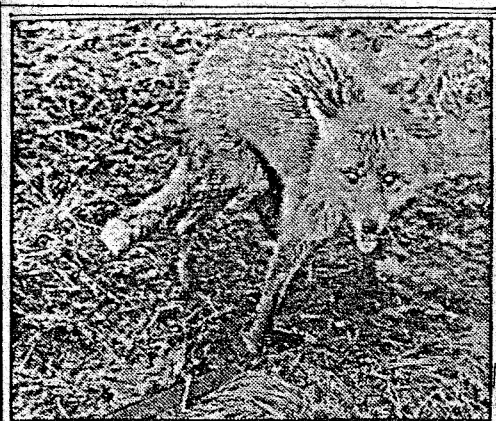

Have you seen the 'lady' of society? She walks through town of a week with another new FUR coat, which was a 'bargain' at ONL -Y £1000....Then she will go home to her luxurious 6 bedroom house, and there she puts away her prized possessions. She will then wait for her husband to come home from 'the city'. Together they will dine on a 'meat' feast, whilst listening in horror to a news story about young seals being culled.....Later, after they have eaten they prepare themselves for a visit to friends. The 'lady' applies her various thick layers of make-up(--to cover her ignorance?) and she then chooses which FUR to wear...The lovely white SEAL fur.....

Seal, fox & mink are victims of greed, the greed of those who want these 'warm-blooded creatures's' 'skins to sell to sell to those who wish to decorate their ugly features...These animals are open to exploitation and are exploited by the big fur business. Business means money without conscience, which means they do not care how the animals are treated-as long as they get their fat profit margin they do

not care. Hence animals are kept in cages of wire in encampments--very much like a Belson. The animals are imprisoned often from birth, because of the cramped conditions the animals will often suffer from physical deformities and of course a great deal of stress! The slaughter is a variety of techniques-such as fatal injections of barbiturates, electrocution and suffocation by car exhaust fumes.

SO WOULD YOU COMMENT ON HOW
NICE THE LADY'S
COAT IS - OR
WOULD YOU SPIT
IN HER FACE AND
CALL HER AN

-MURDER?

WELL "SIZE 12 STEELY" HAS GOT HIS PROMOTION... HE GETS HIS OWN DAILY USE OF A DARK BADLY LIT CELL, DOWN A LONG CORRIDOR OUT OF EARSHOT FOR PRIVATE "INTERVIEWS", A YEARS SUPPLY OF POLISH TO HIDE THOSE 'SLUFF' MARKS ON HIS BOOTS AND A BIG FAT SALARY.... WHY NOT JOIN HIM?...

When you join the Police you start to work for one of the most demanding employers you could ever serve: The State.

We'll expect you to turn your hand to almost anything, at almost any time. This is because it's not a very nice state, and there is plenty of dirty work to be done if we are to keep people down. (i.e. OPPRESSION)

It could be interrogating a known "subversive", strike-breaking, assaulting pickets, dealing with a queer, arresting a suspected beggar, beating shit out of the reds at a demo, or simply helping a little old woman cross the road. It's a complicated life for a cop.

You'll have to be responsible, decisive, intelligent and able to spell your own name. If you do decide to apply we'll take you. You will have all the right attitudes after our two year indoctrination programme. We will give you a macho set of muscles. You'll get a chance to see how each branch of the force operates. Some are more popular than others, for instance the SPG.

A little known fact is that we encourage you to use violence in other areas too. You will be shown how it is possible to beat up people without leaving any bruises. Or, alternatively, how to manipulate the public by subtle and cunning means as a "community"

POLICE LEAFLET ADAPTED...

Then people will find out that we don't really give a damn about their lives. And we'll pay you well to protect our privileges

ACORN BOOKSHOP

Acorn has been operating as a non-commercial, alternative bookshop in Reading since 1976. It isn't a "normal" shop, as it's collectively run and independent, and our range of books is different from the usual. We also have a large number of magazines, pamphlets and comics as well as many American imports.

Sections on: peace, ecology, feminism and women's literature, men, sexual politics, socialism, anarchism, education, rights, race, third world, animals, energy, self-sufficiency, alternative technology, gardening, drug education, history, trade unions, work, music, media, civil liberties, community, non-sexist children's books, vegetarian cooking and nutrition, radical psychiatry, philosophy, humour, mysticism and magic, as well as fiction, sci-fi, poetry and plays.

Orders

We can in fact order almost any British or American book in print, and it helps the shop very much if you order your books from us. We can also supply bulk orders for courses, unions, colleges and so on, with some prior notice.

Bookstalls

Bookstalls can be supplied for meetings, gigs, demos, conferences - either we run them, or you take books on "sale or return", or buy them in advance at a discount.

'Not just a bookshop'

We buy and sell secondhand books and have a stock of reduced "bargain" books. Apart from books we also stock incense, T-shirts, badges, posters, cards, records, stickers, candles, envelope re-use labels and various recycled paper products.

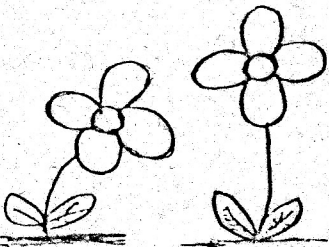

As the sign says, Acorn isn't "just a bookshop". We encourage people to treat the shop as a resource and not just a place to buy goods. There is a noticeboard for ads, posters and leaflets for local events, all for free. The shop has become a referral point for all kinds of radical activities, and we try to help people "get involved".

Resources

We have an off-set litho press capable of printing up to A3 on which we can print leaflets, posters, pamphlets, cards, magazines etc. We also have an electrostencil cutting machine which can make a stencil from your artwork in a few minutes for 50p for use on any duplicator. Duplicators are also available upstairs for people to use and we have stocks of duplicating paper.

We also have a badge machine which makes badges in 3 sizes - (1", 1 1/4", 1 3/4") either individually or in larger quantities.

If you think any of these services could be of use to you, come and ask for details and a quote.

THE INFECTED

PEACEVILLE TAPES formed around February 1983, mainly to be posey and have everyone think that the Instigators had their own tape label-Hammy says. However he soon found out through correspondence that getting a label wouldn't be all that difficult after all. So having bought a tape machine he firstly sold Instigators tapes around local shops.

Then he got a compilation together called 'TRIBAL RANTINGS' with Alternative, Omega Tribe, Epileptics, Anarchist Angels, Xpozez, Destructors and many more. This, he says, was basically a tape of bands that had written to him. Desperate to make the label bigger because of the huge success the Instigators tape had, he released 'THIS IS SQUAT WE WANT' tape compilation of a squat gig held in Leeds. (this is now delete due to poor quality). 4 is just the distribution of Political Asylums' 'Fresh Hate' demo.; however their 2nd demo is now available on PEACEVILLE.

INSTIGATORS

PAY NO MORE THAN £1

1 INSTIGATORS studio & live (c:60)

Then things started to blossom and instead of having to release repackaged things, some bands did special recordings; or released their track exclusively on PEACEVILLE.

The 1st of these were Stagnant Era—an excellent bunch of musicians (Hammy says) who packaged their studio recordings and two gigs under 'the socially acceptable Stagnant Era tape'.

Then the Xpozez—another great band from Yorkshire—had their turn with the 'Lit up Burnt out' tape.

A change of mood then overcame Hammy and he realised that he would like bands of all persuasion of the label. So Chumbawamba from Leeds coupled a great live recording with a sort of theatrical piece called 'The First Seven Years', all this comes collectively under 'Be a Rebel, Raise some Heck'.

As the Passion Killers are with very close association with Chumbawamba it seemed appropriate that their collection of various studio recordings 'Motion... Yet Motionless' should be 8.

As more ... foreign material entered the Peaceville Offices, Hammy realised that the unobtainable overseas stuff could be so easily made obtainable by releasing it.... So P.S.A (Italy)'s 1/2 english/1/2 Italian tape 'With Our Life'.

10 comes from even farther afield, Australia's 'Pictish Blood' who have a 12,000 track 'Indestructable Smile' tape available.

The most exciting releases are always the new ones. And two of the best studio tapes to come out of Yorkshire in many years are:-
